Aura INVERTER

Easy-to-Install

Install in no time with Advanced Mounting Plate, Wide Wiring Terminal Blocks and Two-way piping connection.

Easy-to-Clean

Magnetic-pull connectors help prevent dust stir everytime you lift the filters for cleaning.

Easy-to-Maintain

Fully access the indoor fan, drain pan and PCB for thorough cleaning or repair, without the hassle of pulling down the entire unit or disconnecting the pipes.

Energy Savings

- Inverter system with full DC technology that maximize energy savings.
- Nominal power consumption as low as **560W**.
- Intelligent eye sensor turns the AC to Eco mode when no human presence is detected in the room.

Smart Protection System

- Built for durability powered by intelligent sensors that protects the system from voltage, temperature and current fluctuations
- PCB coating guards against damage from lizards, ants and spider infestations.

Convenience

- Bring cool air into every corner of the room with 4-way Airflow's automatic swing function for both vertical and horizontal louvres
- Breeze Away gives a shower of cool air without the harsh draft.

Quiet Cooling

- Activate with Silence Mode function that provides indoor sound level as low as 20dB, the sound of a whisper.

Modern Remote Control

- Convenient access to key functions such as Intelligent Eye, Eco-Gear and Humidity Control
- Intuitive with large LCD Screen display for ease of use

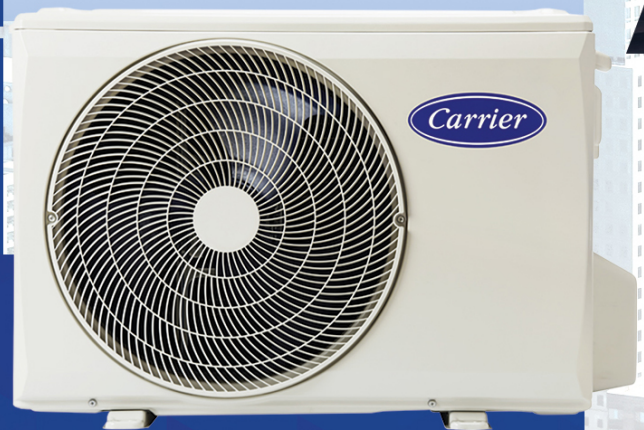

Clean Air

- Tri-filtration system including High Density, Cold Catalyst and Silver Ion filters to rid the indoor air of dust particles, bad odors, bacteria and viruses
- Active Clean function keeps the indoor coils clean and dry to prevent mildew build-up

Excellent After-Sales Service

- All your AC needs fulfilled when you get in touch through any of the multiple channels: customer service hotline, website, FB and accredited service centers nationwide.
